

## Passing Scores for GACE Program Admission

Name of Test	Component of Test	Passing Score Required
GACE Program Admission Assessment (PAGACE)	Reading	250
	Writing	250
	Math	250

Effective July 1, 2021, the GaPSC will accept a PAA composite score that allows a test taker to score less than 250 on one or more of the PAA tests and still meet the PAA requirement. A test taker who does not pass the PAA by scoring 250 or higher on each test will be able to combine the scores on all three tests within the PAA to meet the PAA requirement provided the combined score is 750 or higher. Therefore, a test taker can do well on one test(s) and less well on another test(s) within the PAA and potentially still satisfy the PAA requirement.
