- Interns completing the practicum will attend their school on Tuesday and Thursday in the fall
- Interns are to attend their schools during the entire spring semester (everyday, all day) until one week before graduation.
- Interns will gradually assume teaching responsibilities in January (teaching one class for one/two weeks) and increase those responsibilities until they assume the responsibility for teaching all classes plus additional responsibilities of the mentor teacher. Full time teaching will include six (consecutive) weeks of teaching. Interns are expected to continue teaching one or more classes until the end of the Clayton State semester. The actual schedule will be determined by the mentor teacher, the intern, and the Coordinator for Educational Experiences.
- Lesson Plans must be completed in the CSU lesson plan format. If the school or mentor requires additional plans then you must complete those for them.
- During the spring semester, the intern will be observed by the CSU content-area faculty, education faculty, and the mentor teacher. School administrators and lead mentors may also conduct observations.
- **Interns are required to attend and participate in the weekly seminar on campus after school.**
