

### What Can I Do With A Major In.....Psychology and Human Services?

**Major Description:** The Psychology and Human Services (B.S.) program is firmly grounded in the discipline of psychology while at the same time stressing realistic career opportunities in human services fields for the bachelor's degree graduate. The curriculum design allows students to integrate the disciplines of psychology, sociology, social services, youth services, health care, nonprofit management, multicultural studies, education, and business, into an academic and experiential program that will prepare graduates for vocations in diverse areas of the helping professions.
