

Desire2Learn (D2L) Version 10.5.7

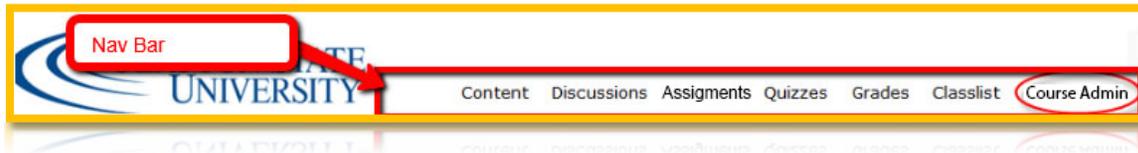

How to Change the Start Date

How to Change the Course Start Date

Step 1: Log into D2L and locate the course section that you would like to open early.

Step 2: Click Course Admin on the Nav Bar.

Step 3: Click on Course Offering Information.

Step 4: Select the Course has start date and change the date and time accordingly. Make sure the Course is active.

The screenshot shows a course configuration form with the following sections:

- Active:** Course is active. A red callout box points to this checkbox with the text: "Be sure to check this box."
- Registration:** False
- Start Date:** Course has start date. A red callout box points to this checkbox with the text: "Check this box and adjust the date and time accordingly." Below this are input fields for "6/2/2016" and "2:28 PM", and the text "United States - New York".
- End Date:** Course has end date. Below this are input fields for "6/2/2016" and "2:28 PM", and the text "United States - New York".

*Note: Leave End Date as is.

Step 5: Click Save.

Congratulations, your course should be available to your students.
