

Clayton College & State University

Fact Book 2004

Preface

The major purpose of this fact book is document the characteristics of Clayton College & State University and the factors that cause change in these characteristics, in order to inform strategic and long-range planning efforts. Established in 1969 in a park-like setting 15 minutes from downtown Atlanta, Clayton College & State University serves the metro Atlanta area as a hub for undergraduate education. After five years of steady enrollment growth, and the fall 2004 opening of the \$19 million University Center, Clayton State currently has more than 6,000 students and has twice been ranked by U.S. News & World Report as having the most diverse student population among comprehensive baccalaureate-level colleges and universities in the Southeastern United States. A national pioneer in “ubiquitous computing” and a leader in on-line and distance education, Clayton State is one of only 36 “Notebook Universities” in the country, and was the third public university to require that each student have access to a notebook computer. Clayton State is the only academic institution in the Southeast with a world-class recital hall (Spivey Hall) on campus. Clayton State is also the only university in the country adjacent to both state and national archives facilities. The University currently offers 28 baccalaureate degree programs with several new programs under development. The University’s Athletics program features 10 sports and competes at the NCAA Division II-level in the Peach Belt Athletic Conference.

General Information

Clayton College & State University History

Clayton College & State University (Clayton State) opened in 1969 as Clayton Junior College, with Dr. Harry S. Downs as the founding president. The Board of Regents elevated the institution to baccalaureate status in 1986 and established the present name in 1996. The current president, Thomas K. Harden, has been in the position since June of 2000.

The beginning of the University can be traced to 1965 when the Board of Regents authorized three new junior colleges for the University System of Georgia, one of which was designated for south metropolitan Atlanta. The Board considered several locations in the region and chose the present site in Clayton County because of the unique combination of natural beauty and easy access to the then recently completed Interstate 75. The citizens of Clayton County subsidized the initial construction of the state institution by passing a bond issue for nearly five million dollars. Construction of the new campus began in fall 1968, and the doors opened to 942 students less than a year later on September 30, 1969.

In 1981, the University added a technical division offering applied associate degrees and certificates in cooperation with the agency that is now the Georgia Department of Technical and Adult Education. Five years later, Clayton State began its baccalaureate mission with programs in business administration and nursing. The institution has continued to add majors at the bachelor's level while maintaining several technical associate degree and certificate programs. Through the establishment of the Bachelor of Applied Science degree, Clayton State emerged as a national leader in promoting opportunities for graduates from applied associate degree programs to "bridge" to bachelor's degrees with little, if any, loss of credit. Clayton State now leads the state by a substantial margin in the number of BAS degrees awarded. The University also has a large continuing education program.

Upon the retirement of Harry Downs in January 1994, Dr. Richard A. Skinner became the University's second president. In June 1999, Skinner left Clayton State to head the University System of Georgia's new distance learning initiative known as GLOBE. Michael F. Vollmer, Clayton State's acting Vice President for Fiscal Affairs and former Interim President of Middle Georgia College, served as Interim President for one year until President Harden took office in June 2000.

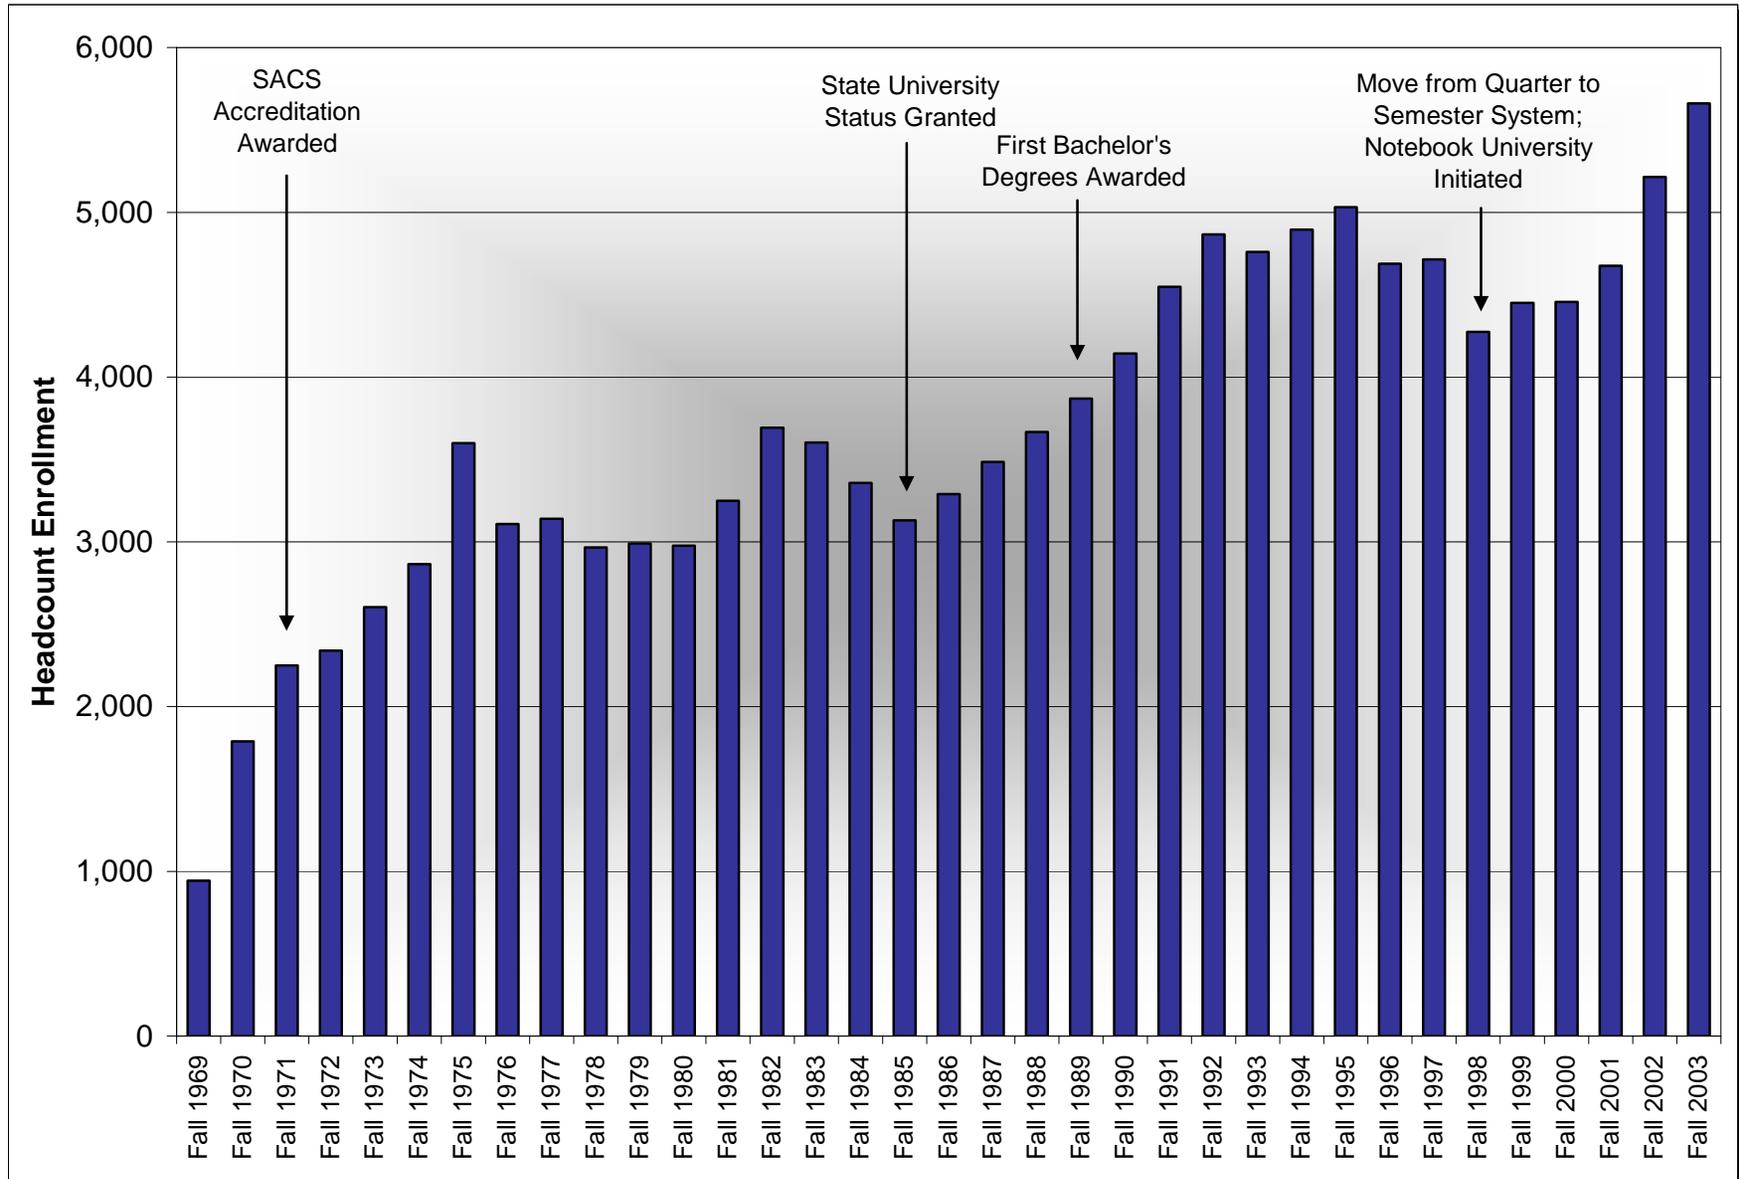

Clayton College & State University's mission commits it to "placing a major emphasis on technologically advanced access to information and to ensuring that all students acquire a working familiarity with the uses, limitations, and ethical implications of modern information technology." To that end, in January 1998, Clayton State became the first institution in the Southeast and one of the first in the nation to start issuing notebook computers to all students at all levels in all majors. This "Information Technology Project" (ITP) has transformed the campus and made Clayton College & State

University a national pioneer in “ubiquitous computing.” Starting in Fall 2001, the University entered a new phase of ubiquitous mobile computing called “ITP-Choice.” All students are now required to have access to a notebook computer upon matriculation at Clayton College & State University.

Since coming to Clayton State, President Harden’s principal initiatives have been expanded development efforts, vigorous enrollment growth, increased selectivity and retention, and, most important, the addition of more baccalaureate programs. The Board of Regents authorized Clayton State to add majors in Biology (B.S.), Psychology and Human Services (B.S.), Communication and Media Studies (B.A.), Dental Hygiene (B.S. and B.A.S.), History (B.A.), Criminal Justice (B.S.), English (B.A.), Mathematics (B.S.), , and Political Science (B.S.). In addition, B.A. and B.A.S. options were added to the existing Music and Dental Hygiene programs, respectively. Current bachelors degree majors also include Middle-level Teacher Education (B.A.), Nursing (B.S.N.), Health Care Management/Administration (B.S. and B.A.S.), Music (B.A. and B.M.), Music Education (B.M.), Technology Management (B.A.S.), Administrative Management (B.A.S.), Integrative Studies (B.A. and B.S.) and four fields of business administration (B.B.A.). New baccalaureate programs are under development, and Clayton State’s strategic plan calls for the addition of master’s degrees in the near future.

The availability of new programs combined with population growth in Atlanta’s south suburban region, known as the “Southern Crescent,” led to record-breaking enrollments in 2003 and 2004. Clayton State now enrolls over 6,000 students in degree credit programs that, in the words of the University’s mission, provide “career-oriented education with a solid liberal arts foundation.” Reflecting the changing demographics of the service area, Clayton State has become one of the most ethnically and racially diverse higher education institutions in the South.

Enrollment History and Major Academic Events

Accreditations and Approvals

Clayton College & State University is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404-679-4501) to award the associate degree and the baccalaureate degree.

The University also is accredited by the Commission on Dental Accreditation, the Georgia Board of Nursing, and the National League for Nursing.

The University's teacher preparation program is approved by the Georgia Professional Standards Commission and is accredited by the National Council for Accreditation of Teacher Education.

The University has been approved for the following state and federal programs:

- Veterans Administration Benefits
- Federal College Work Study Program
- Regents' Scholarships
- Federal Perkins Loans
- Federal Nursing Loans
- Georgia Vocational Rehabilitation Grants
- Federal Guaranteed Student Loans
- Federal Pell Grants
- Federal Supplemental Educational Opportunity Grants
- Georgia Student Incentive Grants
- Postsecondary Option Program
- HOPE Grant

Degrees and Majors Approved

Baccalaureate

Bachelor of Arts

With Majors in:

Communication and Media Studies
English
History
Integrative Studies
Middle Level Education
Music

Bachelor of Applied Science

With Majors in:

Administrative Management
Allied Health Administration
Dental Hygiene Practice and Administration
Technology Management

Bachelor of Business Administration

With Majors in:

Accounting
General Business
Management
Marketing

Bachelor of Information Technology

With Major in:

Information Technology

Bachelor of Music

With Majors in:

Composition
Music Education
Performance

Bachelor of Science

With Majors in:

Biology
Criminal Justice
Health Care Management
Information Technology (WebBSIT)

Integrative Studies

Mathematics

Political Science

Psychology and Human Services

Bachelor of Science in Dental Hygiene

Bachelor of Science in Nursing

Associate

Associate of Arts

Associate of Science

Career Associate
