	Here s what I recommend for Fall ██████ for Elementary Education MATH 1101, BIOL 1111 (repeat for C or Better), CRIT 1101, SCI 1901 (Can be used for SCI 3110). Remember that you must earn a 2.5 GPA to be admitted to the Elementary Education program, so you need to get as many A s as possible to help raise your GPA. Also, no grades of D can be used for your degree. Also, do NOT take SCI 3110/L or SCI 3130 these courses are listed in DegreeWorks by mistake. You should take SCI 1901, ASTR 1010, BIOL 1112, or CHEM 1151 to satisfy the Area requirements. Your advisor will then submit a course substitution for those courses to apply correctly in DegreeWorks.	02/26/2022	Leinberger, Kimberly C
